

5th October 2020

Dear parents/carers,

As part of the academy's focus on supporting students with their learning and progress, we have ensured that work for all classes has been uploaded to Google Classroom. This will mean that if your child is absent from school and is well enough, they will be able to access the work they are missing whilst at home.

To supplement the work set on Google Classroom some lessons will also include a video for your child to watch. These videos will have been recorded by your child's teacher, often direct from the lesson they have missed. This will ensure that students still have some access to their teachers and are able, for example, to listen to the instructions and guidance given to their class before completing the work.

Every student has a Google Classroom log in and password. However, if your child does have difficulty logging in or has, for example, forgotten their password please contact me via email:

g.ives@hemsworth.outwood.com

Yours sincerely

Gary Ives
Vice Principal
