

Information from UK University Search

On **Wednesday 8th April** there will be a **free live webinar** where students can ask questions to **6 university representatives** (see details below). We are committed to helping ensure students make the right higher education decisions during this period. We understand the challenges both Year 12s and 13s are facing, with fairs and open days not running, and changes to grades and 2020 admissions. Our webinar will provide the opportunity for your students to ask questions and find out the answers they need.

Students simply need to visit the following
